Direct Carrier API Rating

Multiply pricing insights, **Maximize** productivity and **Supercharge** *LTL decision power*

Schedule a Demo!

NEXT LEVEL LTL Batch Rating

Robust, Real-time Actionable Insights

More Intelligence, Less Effort

Single request returns pricing for up to 20 carriers and four service levels at once.

Automation, Accuracy and Efficiency

Improve your "time ROI," let BatchMark® XL's API do the lift. Monitor job status and retrieve results from the dashboard.

Simplified Analytics, Streamlined Decisions

Unlock data driven insights for LTL challenges. Compare blanket rates and customer specific pricing to uncover opportunities and optimize transportation spend for bid analytics, planning and auditing.
