

About e2open

e2open helps companies around the world achieve excellence in logistics and trade compliance—it's in their DNA. Through a blend of data, networks, and applications, delivered in the e2open way, their DNA platform powers the frictionless supply chain for thousands of the world's leading manufacturers, retailers, distributors, freight forwarders, customs brokers, carriers, and logistics service providers.

About SMC³

SMC³ is a hub of expertise in the LTL arena. Fueled by heavyweight, analytical APIs, SMC³ delivers its core competency—LTL pricing expertise—through collaborative pricing technology that supports end-to-end, ongoing predictability in shipper/3PL-carrier relationships. North American shippers, carriers, logistics service providers and freight-payment companies rely on SMC³'s sophisticated LTL base rates, content, and expert bidding and planning tools to make the best business decisions, achieve higher returns on their transportation investment, and meet the dynamic demands of the market. Through hosted API solutions, SMC³ supports the entire supply chain with industry-leading speed, reliability and performance.

SMC³: Investing a lifetime to help optimize freight transportation.

SMC³ RateWare XL

The implementation of RateWare® XL enables you to fully realize the advantage of a durable rating engine with a library of data modules. This robust rating simplifies LTL pricing and eliminates the costly tasks of sourcing, programming and maintaining data from multiple carriers.

Use RateWare XL to:

- Manage LTL shipment costing and pricing, including carrier specific discounts, minimum charges, deficit rating and FAK charges, in a streamlined and efficient process.
- Quickly and easily convert and validate data through a simplified process for updating motor carrier tariff information and expiration dates.
- Support rating requirements with various lookup and discounting activities.
- Incorporate CzarLite® base rates in your logistics platform.

SMC³ CarrierConnect XL

Getting less-than-truckload (LTL) freight to the right place at the right time requires the most accurate and timely information on the front end. CarrierConnect® XL compiles and continually updates transit times and service detail from more than 300 leading national, super-regional and regional carriers across North America, giving you the confidence to make the best choice for LTL shipments. CarrierConnect XL makes it easy for logistics service providers to:

- Identify carrier operational capabilities, including points of service, transit times and terminal-to-terminal networks.
- Compare the full-service portfolios of LTL carriers.
- Eliminate transit time and delivery date ambiguity with calendar date or number-of-days modeling, as well as carrier-specific holiday calendars.
- Make the most accurate routing decisions using dynamically updated carrier information that reflects real-world operations.

SMC³ CzarLite®

No matter where you ship in the United States, Canada or Mexico, SMC³ CzarLite® base rates provide a flexible decision support tool to assure total pricing visibility and empowerment to make your best LTL purchases. Achieve optimal shipping agreements with a uniform base rate where you can:

- Simplify business processes like negotiations, contracts, profitability strategies.
- Quickly evaluate the impact of carrier rate adjustments and conduct “apples-to-apples” base rate comparisons.
