

Dynamic Freight Rating Capabilities for Informed, Confident Decisions Content Solution for SAP TM 9.0 and Higher

About SMC³

Shippers, carriers, logistics service providers and technology providers look to SMC³ for the technology, industry data, educational services and general know-how to achieve greater success in the transportation marketplace. Founded in 1935, SMC³ has established a firm reputation among industry professionals as a central knowledge base for decision support, improved collaboration and streamlined processes in the movement of freight via motor carriers. SMC³'s hosted technology solutions provide accurate and timely carrier rates, points of service and transit times within a service-oriented architecture (SOA) accessible via a web service application programming interface (API).

SMC³ RateWare[®] XL

The implementation of RateWare[®] XL enables you to fully realize the advantage of a durable rating engine with a library of more than 3,000 data modules. This robust rating

simplifies LTL pricing and eliminates the costly tasks of sourcing, programming and maintaining data from multiple carriers. Use RateWare[®] XL to:

- Manage LTL shipment costing and pricing, including carrier-specific discounts, minimum charges, deficit rating and FAK charges, in a streamlined and efficient process
- Quickly and easily convert and validate data through a simplified process for updating motor carrier tariff information and expiration dates
- Support rating requirements with various lookup and discounting activities
- Incorporate CzarLite[®] and CzarLite[®] XL base rates in your logistics platform
